The Louis Pondy Best Dissertation Paper Award recognizes the best paper based on a dissertation.

To be eligible, the paper must be individually authored by the student. To be considered for the Pondy Award, you must submit your manuscript to the OMT Division through the Academy of Management Annual Meeting online submission system. During this process you need to certify that your paper is eligible for the Pondy Award. Once received, all manuscripts are sent out for anonymous review and rating. The eligibility of the top rated manuscripts is confirmed, at which point they are forwarded to the OMT Division's Research Committee, which determines the Pondy Award winner. The Pondy Award winner is announced at the OMT Business Meeting during the AOM Annual Meeting. The winning paper is automatically nominated for the Academy of Management's William H. Newman Award for outstanding papers based on a recent dissertation. The Newman Award was first given out in 1999.

2018 Louis Pondy Best Dissertation Paper Award

The Enabling Roles of Bureaucracy in Cross-Expertise Collaboration

Pedro Monteiro (EMLyon Business School)
